## #simplestamping version

### Cutting/Scoring/Embossing:

- Basic Gray - Cut 4-1/4" x 11". Score and fold at 5-1/2".
- Whisper White - Cut a 5-1/4" x 4" piece (for the inside) and another piece at 4" x 3-1/4" to stamp on.
- Cut a 4-3/4" x 3-1/2" piece from the red/white striped designer series paper. (Which way you cut will affect the way the stripes run - horizontal or vertical. If you want the lines to run up and down, cut the 3-1/2" side with the lines facing that way.)

### Stamping/Coloring/Technique:

- **Masking Technique:** Stamp the dog on a Post-It note or sticky paper to create a mask. Fussy cut the left side of the dog. Stamp the dog on the Whisper White layer. Place the mask on the stamped image and then stamp the cat to hide behind the dog. (Save the mask in the stamp case for the next time you need it. In the masking technique, whatever image is masked will appear to be in the foreground.)
- Color in with Watercolor Pencils (Basic Gray, Real Red, Basic Black, Bermuda Bay, Daffodil Delight and Pumpkin Pie). Use of a Blender Pen to smooth out the pencil is optional. Stamp the sentiment in Real Red ink.
- Stamp hearts at the top and bottom of the card in Black Ink.
- Stamp a sentiment on the inside panel (or you might prefer a handwritten note). Decorate if desired.

### Assembly:

- Adhere Designer Series Paper to card base.
- Use dimensionals to attach the stamped/colored panel to the front of the cardbase.
- Tie a small bow with the black/white twine and attach with a glue dot.
- Adhere the inside layer.
- Decorate the envelope (#nonakedenvelopes) and mail!

### Supplies for Stepped-Up version:

#### Stamp Sets:

Pampered Pets & Heartfelt (optional)

#### Designer Series Paper:

Playful Pets Designer Series Paper

#### Dies:

Pets Dies, Stitched Rectangles (optional)

#### Ink:

Tuxedo Black Memento Ink and Versamark

#### Cardstock:

Basic Gray, Real Red and Whisper White

#### Embellishments:

Playful Pets Trim Combo Pack (twine & ribbon)

#### Other:

Post It notes, White Stampin' Emboss Powder, Stampin' Buddy (retired), Heat Tool, Whisper White Envelope

### Stepped Up Version

#### Cutting/Scoring/Embossing:

- Basic Gray - Cut 4-1/4" x 11". Score and fold at 5-1/2".
- Whisper White - Cut a 5-1/4" x 4" piece (for the inside) and another piece at 4" x 3-1/4" to stamp on.
- Cut a 4-1/2" x 3-1/2" piece from the red/white striped designer series paper. (See note on #simplestamping card.)
- Real Red - scrap or a piece at least 2-3/4" x 1-3/4"

#### Stamping/DieCutting:

- **Technique - Die Cutting from Designer Series Paper:** Using dies from the Pets dies, die cut the happy dog and sad cat from the Designer Series Paper.
- Using the paw prints die, cut paw prints on the very top and bottom edge of the red/white striped designer series paper.
- Use the Embossing Buddy on the Real Red cardstock. Stamp the greeting on the Real Red cardstock with Versamark and use White Stampin' Emboss powder and the Heat Tool to emboss the sentiment. (Watch your fingers; it will be hot!) Either trim to 2-1/4" x 1-1/4" or cut with the smallest stitched rectangle from the Stitched Rectangle dies.
- Stamp a sentiment on the inside panel (or you might prefer a handwritten note). Decorate if desired.

#### Assembly:

- Adhere Designer Series Paper to card base. (Do not put adhesive over the paw prints. It would cause your card to stick to the envelope.)
- Adhere Real Red sentiment to the Whisper White panel. Tie a bow around the white panel with the twine.
- Adhere the sad cat and then the happy dog slightly over the cat. The dog will slightly overlap the twine.
- Use dimensionals to attach the Whisper White panel to the front of the cardbase.
- Adhere the inside layer.
- Decorate the envelope (#nonakedenvelopes) and mail!

## Basic Supply List

The items listed below are what I consider the basics for crafting. These are items that are used in almost every card or project made and will be the foundation for your crafting adventures.

Several types of adhesive are listed because the adhesive used changes with the type of project I'm working on. I'll be happy to help you make the right decision for your crafting projects.

The Clear Block Bundle is listed. If you'd like to build your block collection gradually, my suggestion would be to start with C, D and H blocks.
